Case Summary

Résumé des cas

As of TUE 10 NOV 2026 at 18:58

Case	Event	Race	Parties			Case Details	Parties Informed	Short Decision Published	Jury Decision
			Initiator	Respondent	Witness				
1	W Windsurfing	5	FRA	POL		On the final leg of the fifth race, just after rounding the last mark, I overtook POL on the leeward side, a board's length downwind of her. POL beared away towards me, so I had to swerve to avoid a collision.		9 NOV/17:53	Protest dismissed.
2	W Windsurfing	7	LAT	ALG	TUR	In race 7, upwind leg , 8 min after start i was going to first mark on starbord and then i met ALG sailor who was on port , i was yelling for her to stop, she started to stop but then accelerated so i couldn't avoid contact and capsized, because of that 2 sailors passed .		10 NOV/17:07	ALG is DSQ in race 7. Redress is given to LAT.
3	M Windsurfing	7	HUN	RC		The Start of the 7th racae got general recall, but there was no rib crossing the fleet infoming them that it is A general recall. I was started from the pin, so i was not able to see the flag on the RC boat. I was pumping the hall upwind. Only when I was close to the upwind mark there was a boat beeping, so it was the time when i was able tobrealise the situation. I had to pump hard again in down wind to get the next start. I did not have time to rest anything. I think i would have been able to make a better result if i could got the information earlier. I would like to get redress and get the avrage of my points fron the hall event.		10 NOV/17:34	Redress not given.
